

## WHY ISN'T THERE A THIRD INTIFADA?

What dumb fun I had, making the artworks I made,  
driving around Birzeit University campus filming Maissa  
sticking her head out the window shouting through a bullhorn,  
her hair whipping in the wind as she delivered my lines  
to the bewildered, beautiful students laughing with us  
at the notion that they should go riot and  
die at the checkpoints.
